He Catches the Boys Neglecting Their Studies and Startles Them a Little.

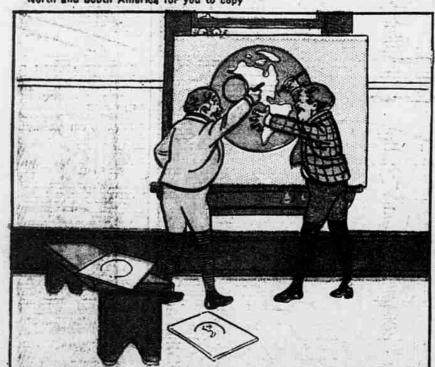

1. To-day, boys, we have our geography lesson. I shall draw a map of North and South America for you to copy"

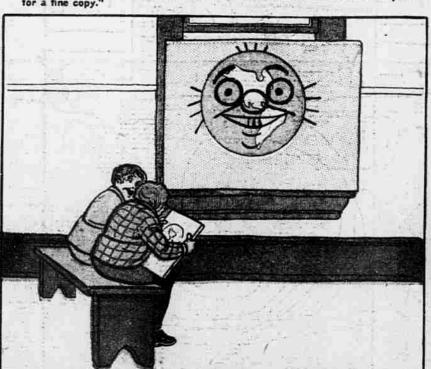

2. GRANDPA: "Now, boys, when I return I shall count on each of you for a fine copy."

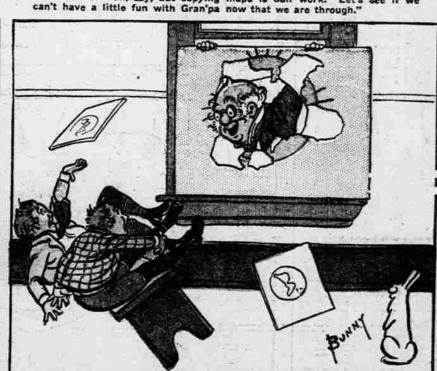

3. BOYS. "Oh, say, but copying maps is dull work. Let's see if we can't have a little fun with Gran'pa now that we are through."

& BOYS: "We will make a few additions to the map."

5. BOYS: "Oh, won't this be a good one on Gran'pa?"

6. GRANDPA: "Hello, boys. Have you finished?"
